#### PROTECTION FROM LEPERS

#### Carefully Enforced Laws, No: Marty: dem, Needed, Says Dr. Ashmesd

Dr. Albert S. Ashmead of New York City writes The Post regarding a recent press paragraph relative to the request of Miss Marie Leurquin, of Brussels, to go to Molokai and take up the work of helping the lepers of Hawaii. She wrote to Miss Alice Roosevelt on February 5, saking assistance in ob-taining such permission. Her letter was referred to the Interior Department and by Secretary Hitchcock to Gev. Dole.

Will you allow me, the framer of the Platt-Wanger leper bill now before Congress," writes Dr. Ashmead, "to say that it is not Damien-Leurquin heroics, martyrdom of good men and women, that the situation of the lepers needs in this country and her new acquisi-tions, but the framing and enforcing by the government of strict laws of isolation and prevention of the untrain-ed from coming in contact with the af-ficted. The lepers of Molokai are in the best of Christian hands already.

On account of its being steamer day and no better nurses are needed than there. Perhaps in a pagan country the Chamber of Commerce and Merexcessive enthusiasm. Nothing else but stricter laws of isolation can do lasting good. Sacrifices like Miss Leurquin offers would be a beautiful chapter in of a new soul, but that glory will be a thorn in the side of the practical lep-rologist; for it is the suppression and prevention of the scourge that is wanted and not glorious instances of self-sacrificing devotion to the doomed vic-tims of today."—Washington Post,

#### Warde as Virginius.

A great deal of interest is being manifested in the forthcoming appearance of Frederick Warde as "Virginius" at the opera house, May 8. As soon as it was announced that this distinguished sctor would present Sheridan Knowles' great play, Wall, Nichols Co. were besieged with requests as to the date, and asking that seats be reserved, making that seats be reserved, making it apparent that the theatergoers are looking forward to this great dramatic treat. "Virginius" is really a modern play dressed in ancient ciothes. It is a story of love, of filial duty, of parental affection, and tells a story so interesting that the auditor is held spellbound. The artists engaged to support Mr. Warde in "Virginius" have been especially selected for their have been especially selected for their personal fitness to the parts assigned them, and include Charles D. Herman, Barry Johnstone, Antoinette Ashton and Virginia Drew Trescott-a quartette of well known people seldom found in the company of any dramatic "Virginius" is undoubtedly Mr. Warde's greatest impersonation, and in addition to bringing the best company seen in this play in years, he carries a complete scenic production, gotten up especially for this tour, as well as compiete productions for the other plays of Mr. Warde's repertoire. The regular sale of seats for each of the twelve per-formances opens this morning. The season sale ending yesterday was one of the best in a long time. It is advissale to secure single performance scale ders is nearly unprecedented here.

Diarrhoea is more to be dreaded than eiphtheria. It attacks all ages and is equally fatal to young and old. The great mortality resulting from diarrison is due to the lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine, and if given in time will prevent serious consequences.

#### One Day Cold Cure.

Probably there are few remedies that give better satisfaction than our well-known ANTI-GRIPPE TAB-LETS. In cases of colds, when you feel that you "have it all over your body," these tablets take right hold and expel the cold germs, and nip at the start an illness that might be long protracted.

People would not send 5000 miles for ANTI-GRIPPE TABLETS unless they had found them better than anything else they had used. But this is just what they do. Here's the proof.

1716 N. Penn. St., Indianapolis, Indiana, October 13.
